Integrity/Harmony

诚信/人和

诚者，天之道也，思诚者，人之道也。秉道笃行，臻于人和。

Integrity is the law of nature, thus to study integrity is the law for human.
Conduct firmly in accordance with the law and finally brings harmonious interpersonal relationship.

民族的汉威 世界的汉威

National and International Hanwei

起于中州，兴于华夏，融于世界。乘中原物华之天宝，人杰之地灵，文化之悠长，以德为本，誉满截道，名闻一方。

精研经营之艺，乘黄天厚土，秉霄汉雄风，博采众长，开行业新风。历金戈铁马，厚积薄发，以引豪长啸之势，定鼎中原，逐鹿天下，自成一家。

曾闻：求木之长必固其根，欲流之远必浚其源。汉威处世之准，重情义而讲诚信，和睦属而睦芳邻，是为德厚之相。

时逢盛世，业势如虹。汉威电子胸怀博击长空之豪情，海纳百川之气魄，博遨商海，诚迎八方友人同谋发展，造福大众，共创宏图，屹立世界名企之林，共展鸿鹄之志。

Generated from Middle China and flourished in whole China and finally melted into the world. Endowed with natural treasures and talents with natural gifts as well as rich history from immortal from the Middle China, Hanwei takes virtues as the basis and obtains gold reputation as well as wide popularity.

Through careful study to the marketing tactic and taking advantage of the endowed natural gifts and virtues of different fields, we are bravely and vigorously developing new frontier, we have gone through thick and thin in the past and accumulated great experiences and are now waiting for opportunities to show these advantages, to compete in the huge market, with great confidence, and then seize a share in the market and form our own characteristics.

It is said that the root should be fixed firstly for the growth of the tree while the headstream should be deepened for a stream to flow far. Hanwei, adhering to its working principle of friendship and integrity first, living harmoniously with family members and neighbors, only by this way, we can achieve rich virtues.

Living in this flourishing age with different industries prosperous as the colors of rainbow, Hanwei Electronics, with loft sentiments and aspiration to fully demonstrate its talents as well as wide spirit to embrace different merits in the worlds, is actively traveling in the wide business market. Hanwei Electronics sincerely welcome friends from different places to here, to plan for mutual development and to show national ambition, to develop national industries and finally to rank among world famous enterprises as well as to fulfill mutual ambitions.

About us
公司简介

河南汉威电子股份有限公司（股票代码：300007）是一家值得信赖的创新型科技公司，国内最大的气体传感器及仪表制造商，创业板首批上市公司，致力于创造安全、环保、健康、智慧的工作、生活环境。汉威电子围绕物联网产业，将感知传感器、智能终端、通讯技术、云计算和地理信息等物联网技术紧密结合，打造汉威云，建立完整的物联网产业链，结合环保治理、节能技术，以客户价值为导向，为智慧城市、安全生产、环境保护、民生健康提供完善的解决方案。

Henan Hanwei Electronics Co.,Ltd.(Stock no.:300007) founded in 1998,is a trustworthy innovative technology company, and the largest gas sensors and instruments manufacturer in China, listed on China's Growth Enterprise Board in the first batch, devote ourselves to promise a safe, environmental friendly, healthy and smart working and living environment. Around IOT industry, Hanwei Electronics will combine sensors, intelligent terminal, communication technology, cloud computing and geographic information IOT technology together closely, create Hanwei cloud, establish a complete IOT industry chain. Hanwei Electronics focus on the customer value oriented, provide perfect solutions for smart city, production safety, environmental protection, health of the people's livelihood.

Words from Team Leaders
管理层寄语

我们崇尚尽责！作为员工，我们圆满完成每一项任务；作为公民，我们维护社会和谐；作为家庭一员，我们孝敬父母、爱护家人；作为华夏子孙，我们时刻不忘祖国利益；作为企业，我们肩负企业使命，努力提供完善的解决方案和无忧快捷的增值服务，创造安全、环保、健康、智慧的工作、生活环境，为客户、为员工、为股东、为企业、为民族、为社会，汉威人全力以赴兑现自己的承诺。

我们崇尚创新！我们从材料科学、器件工艺、仪表技术、应用软件、集成应用入手，自主创新、系统创新、持续创新，积累了丰富的行业、技术经验，持续推出新产品，满足多样化应用需求，为客户提供最新科技带来的安全和便利；我们拥有训练有素的专业人才，科学严谨的工艺流程，先进的生产、检验设备，从客户需求诊断、方案设计，到产品制造、安装服务，都严格遵循“优质、诚信、创新、高效”的质量方针，确保产品和服务满足您的个性化需求。

我们崇尚以人为本！十余年的发展路程，是汉威人尽责和创新的路程，也是汉威人追求快乐的路程。相对于未来“安全、环保、健康、智慧”领域广博的事业空间，过去的一切仅仅是开始。我们将坚持“人才为本、文化为魂”，凝聚团队，优化管理，科学决策，协作进取，努力缔造一个“稳健务实、科学创新、持续发展”的企业，使汉威成为全球领先的传感器提供商、物联网产业领先企业。

为此，我们期待携手所有的朋友，共赴未来，分享成功和快乐！

We advocate responsibility! As Hanwei employees, we do each task successfully; As citizens, we maintain social harmony; As a member of family, we love our parents and families; As descendants of the Chinese nations, we never forget the motherland concerns; As enterprise,We shouldering Hanwei’s missions, work hard to supply perfect solutions, convenient and prompt value-added service. We promise a safe, environmental friendly, healthy and smart working and living environment. We Hanwei People will do our best to keep our promises to customers, employees, stockholders, enterprises, nationality, society.

We advocate innovation! Innovation is power for us to grown up! Start with materials science, productive technology, instrument technology application software and integration application, we keep innovation, had accumulated rich industry and technology experience. We Keep on launching new products to meet the diverse needs of users. We own well-trained professionals, scientific and rigorous technological process , advanced manufacturing and inspection facilities .From solution to product, we all strictly followed quality guidelines of high quality, integrity, innovation, efficiency, make sure provide more suitable customized solutions for you!

We advocate people oriented! A united group with democratic management, scientific decision and joint cooperation would assure HANWEI to be a global leading sensor supplier and IOT industry leading enterprise!

We hope create a better future together with you!

Hanwei Journey

汉威征程

天地之中 财富沃土 中原核心 优势天成

汉威位于中原腹地河南省郑州市，这里自古即是财富融汇、商贾云集要地，无数创业精英们用智慧、毅力、勇气创造出一段又一段动人心魄、经久不衰的财富传奇。从千年前商代的王亥“肇牵车牛远服贾”，河南这片文明的沃土上就不断上演商业神话，特别是到清代的康百万家族，更是写下了“富过十二代、历经400年而不败”的不朽传奇。这块城市福地上，承载着辉煌的历史，也连接着华美的未来。“中国十字路口”、“中部新城”、“大中原经济区”……为未来注入了富饶、生态、自然的血脉，吹响区域腾飞的号角。

回眸过去，以任红军董事长为首的创业团队筚路蓝缕，经过坚持不懈的努力，持之以恒的奋斗，孜孜不倦的追求，始有今日之汉威。岁月雕刻，文化沉淀，激情和梦想在历史的陈酿中发酵。心有理想，春暖花开，尘埃伴随着曙光升腾，思维伴随着智慧前行！

The middle of the world, the fertile ground to make fortune, the core of Middle China and endowed with natural advantages

Located in Zhengzhou city, the capital of Henan province, Hanwei owns the nature advantage of commercial environment. Zhengzhou, the valuable land, is a national famous historical and cultural city ratified by the State Council. It was an important metropolis during the Shang dynasty as early as 3500 years ago. The long history and brilliant civilization have made Zhengzhou rich in humanistic scenery and business environment. In the future, " central of China", "Central plains economic zone" etc. will make Zhengzhou more attractive and energetic. Born in this city, Hanwei will achieve the rapid development and create maximum value for customers and success. If it's meant to be, it will be!

Business Capacity
经营能力

汉威电子注重“为客户创造价值”的发展战略，产品和系统解决方案已应用于全球近百个国家，建立了以传感器为核心，覆盖多门类检测仪表及行业物联网应用的整体布局；应用行业分布广泛，涵盖石油、化工、冶金、环保、采矿、电子、电力、制药、食品、医疗卫生、农业、燃气、市政工程、家庭安全与健康、公用场所、道路安全管理、污水处理、生物科学、航天航空、军事反恐等领域，用于防火防爆、环境检测、预防中毒、污染监测、环境治理、改善人居环境，为行业客户HSE管理体系的建立、工业、民用和个人安全防护提供适合、优质、高性价比的产品与方案。为环境检测与治理、健康家居生活，提供完善的解决方案和服务。

公司围绕在北京、上海、广州、深圳、郑州、西安、重庆、沈阳、石家庄、哈尔滨、鞍山、苏州、济南、南京、福州、乌鲁木齐等三十余个城市设立客户服务中心或分子公司，构建全面的网格化客户服务网络，为我们及时向客户提供技术领先、满足个性化需求的产品解决方案奠定了良好的基础。

Hanwei Electronics adhere to a development strategy of focusing on the professional market segment. Our products and solutions have been used in hundreds of countries and regions all around the world. We have established the whole layout of many categories of testing instruments and IOT applications with a core of sensor. Our products widely used in petroleum, chemical, metallurgy, environmental protection, mining, electronics, electricity, pharmaceutical, food, medical health, agriculture, gas, municipal engineering, home security and health, public areas, traffic safety management, sewage treatment, biological sciences, aerospace, military, anti-terrorism and other fields. Our products are used in fire and explosion protection, environmental monitoring, poisoning prevention, pollution monitoring, environmental management, improving the living environment. We provide the suitable, quality and cost-benefit products, service and solutions to our customers for their HSE management system, industrial, family and personal safety, environmental monitoring and management, healthy homes.

We have set up more than thirty customer service centers , branches and subsidiaries, covered in Beijing, Shanghai, Guangzhou, Shenzhen, Zhengzhou, Xi'an, Chongqing, Shenyang, Shijiazhuang, Harbin, Anshan, Suzhou, Jinan, Nanjing, Fuzhou, Urumchi, have built comprehensive gridding customer service network, to lay a good foundation for providing the solutions of leading technology and the individual needs.

汉威电子作为国内最早从事气体传感器及传感器技术研究的企业之一，涉及的技术领域涵盖纳米催化技术、功能材料、电子陶瓷、电子元器件、生物工程、有机高分子、光电气体分析等众多基础和应用学科，掌握了大量关于气体传感器材料、配方、生产工艺、型式设计等方面的专利技术，产品门类齐全，130余种不同规格的传感器可分别用于检测数十种可燃气体、毒性气体及其他气体，综合技术水平国内领先，部分传感器为国内独家生产。

Hanwei Electronics is one of the earliest companys engaged in the gas sensor and sensor technology research fields, the related technology covering Nano catalytic, functional materials, electronic ceramics, electronic components, biotechnology, organic polymers and many other fundamental and applied subjects; Hanwei has mastered lots of patent technologies about gas sensor materials, formula, productive technology, conformity design and so on. More than 130 different type of sensors were used to detect tens of combustible gas, toxic gas and other gases; With the world's leading comprehensive technical level, some sensors are exclusively produced in China.

以传感器为核心的物联网，应用于各行业

汉威电子已形成“以传感器为核心、涵盖智能仪器仪表、云端技术、软件”的完整物联网产业生态圈。

汉威电子拥有气体、压力、流量、湿度、热释电等多门类传感器及相关仪器仪表规模产业，已形成家庭、商用、个人防护、工业在线监测、环境分析、采矿安全等多用途传感、检测仪器和监控网络、安全生产、市政信息化管理系统及智能交通监控系统等多系列产品。汉威电子产品线丰富，产业链完整，产品和解决方案已应用于全球近百个国家。通过遍布全国的营销服务中心，为智慧市政、安全生产、环境保护、民生健康提供优质的产品和服务。

Hanwei Electronics has established the whole IOT industrial chain with the sensor as the core, covered intelligent instruments, cloud technology software.

Hanwei Electronics have many categories pyroelectricity environmental analysis intelligent transportation system of sensors, gas, pressure, flow, humidity, and instrument industry. We have many series products used in home, commercial, personal safety, industry online monitoring, mining safety, monitoring network, safety production, municipal informatization management system, monitoring. We have rich production line, orbicularindustry chain, apply to more than 100 countries all over the world.

对于汉威电子来说，拥有自主知识产权以及传感器的核心技术，犹如基础之于大厦。作为业界的领军企业，汉威电子能够生产的主流气体传感器产品上百种，是国内唯一一家能够同时生产催化燃烧类、厚膜印刷半导体类、电化学类、红外光学（含激光）类等四大门类气体传感器的民族企业。基于气体传感器的技术优势和其他种类传感器的交叉应用，汉威电子在向光学量、机械量、热学量等传感器领域也研发、产业化了多种传感器。

Hanwei owns independent intellectual property rights and the core technology of sensors. As an industry leader, Hanwei manufactured hundreds of gas sensors, is only one of national enterprise which be able to produce catalytic, semiconductor, electrochemical, infrared(include laser) at the same time in china. Based on technical advantage of gas sensors and cross application of other sensors, Hanwei Electronics is also developing and manufacturing many kinds of sensors, such as optical sensors, mechanical sensors and thermal sensors.

嘉园环保有限公司成立于1998年，是汉威电子旗下环境监测与治理专业化集团企业，国家环保产业骨干企业。主要从事环保工程设计、施工、运营，环保设备研发、生产、销售，并涉及环保技术咨询及环保软件开发业务。拥有40余项国家专利，企业知识产权体系完备。拥有国家环境工程（大气污染防治工程、水污染防治工程）专项甲级设计资质和国家环保设施运营（废气、废水）专项运营甲级资质，以及市政行业（给水工程、排水工程、环境卫生工程）专业乙级设计资质，环保工程专业承包二级资质、机电设备安装工程专业承包三级资质，并通过了ISO9001质量管理体系、ISO14001环境管理体系、OHSAS18000职业健康安全管理体系认证。

Established in 1998, Jiayuan Environmental Protection Ltd.,CO is a professional environmental measurement and improvement group company under Hanwei Electronics, and a key enterprise of national environmental improvement industry. Jiayuan specializes in design, engineering, operation of environmental protection projects, and environmental protection equipment and system software' s R&D, manufacturing and sales. Jiayuan has complete intellectual management system and more than 40 national patents. Class A design qualification of national environmental project (Air pollution prevention project, water pollution prevention project). Class A operation qualification of national environmental protection facility (waste gas, waste water). Class B design qualification of Municipal industry(water supply project, drainage project, environmental sanitation project). Class B contracting qualification of environmental protection project and Class C contracting qualification of mechanical and electrical equipment installation project. Jiayuan passed ISO9001 quality management system, ISO14001 environmental management system and OHSAS18000occupation health safety system.

嘉园环保有限公司下属七家全资子公司及若干分公司、办事处；公司已建成包括上海、北京、天津、青岛、大连、济南、长沙、合肥、深圳、合肥、成都、厦门等大中城市在内的强大的市场网络，业务遍及全国。业务模式包括工程总承包（EPC）、BT、BOT、BOO及委托设计、承包运营、技术咨询、设备销售等多元化模式。

Jiayuan has 7 fully owned subsidiaries and a number of branch offices. Rely on its strong market network covering Shanghai, Beijing, Tianjin, Qingdao, Dalian, Jinan, Changsha, Hefei, Shenzhen, Chengdu, Xiamen etc., Jiayuan' s business are all over the country and its business scope including EPC,BT,BOT,BOO and entrusted design, operation, technical consultant, equipment sales etc..

一、数字化燃气信息管理系统项目

Digital Gas Information Management System

建立以燃气各项核心业务为主线，以空间地理信息等基础数据为载体的信息化体系，形成数字燃气综合信息化管理平台，实现燃气主管部门的科学监管和燃气企业规范高效的管理、运营和服务。

二、智慧市政地下管网监管系统项目

Intelligent Underground Pipeline Monitoring System

建设基于GIS系统的地下管线综合平台，布局各种感知、监测设备，形成一个由点到面到云端智慧的监测监控网络，对于给水、排水、供暖、燃气、输油等管线全面监管，实现市政安全、环境污染、环境风险等方面的可知、可预、可控。

三、智慧城市市政物联网信息管理系统项目

Intelligent Municipal Management IOT System

对绿化、道路等市政基础设施及相关系统的多方面数据进行全方位的信息化处理和利用，形成市政系统数字网络化管理、服务与决策的信息体系，提升城市建设和管理的规范化、精准化及智能化水平，提升城市运行效率和公共服务水平，推动城市发展转型升级。

四、安全生产、应急救援综合信息管理平台项目

Security & Emergency Management System

项目满足政府、企业对九类重大危险源进行监督监管和应急救援指挥工作需求。

五、特种设备物联网监管平台

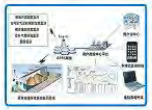
Special Equipment IOT Monitoring Platform

对电梯、锅炉、起重设备、游乐设施等特种设备用物联网技术进行全方位的信息化管理，提升特种设备管理的规范化、精准化及智能化水平。

六、数字化粮食仓储环境检测信息系统项目

Digital Food Warehouse Environment Measurement System

面向粮食存储的实际应用环境，对粮食保管过程中的环境气体进行实时监控，利用人工智能判定系统判断粮食存储环境状态的变化，并进行智能化调节，保障粮食品质，实现科学储粮。



感知与云平台、移动端全面互动

七、数字化油库综合监管信息平台项目

Digital Oil Depot Comprehensive Management Platform

通过平台的建设，改变以往军队或地方油库八大系统信息化建设中各个系统独立建设、部署分散、互不联通的局面，打破原有的各子系统割裂的状况，实现对油库全局业务的数字化集中监管。

八、农业物联网信息管理系统项目

Agricultural IOT Information Management System

针对农业物联网的应用领域，涵盖:种植、养殖、贮藏、冷链物流等行业，建成综合化农业物联网信息管理系统，提高生产效率和实现科学生产，促进农业生产的智能化管理和农业信息化、数字化。

九、智能交通综合管理平台项目

Intelligent Transportation Management Platform

针对现代交通领域的应用需求，建设智能交通综合管理平台，提升交通管理的智能化和信息化水平，实现城市交通管理的科学化和现代化。

十、智慧供水物联网平台项目

Intelligent Water Supply IOT Platform

建设基于地理信息、北斗定位与授时、传感器智能仪表节点一体化的城市自来水供应管理系统，实现自动抄表、监控管网关键节点，自动预测预警，建成高效、安全、绿色、低碳的智慧供水系统。

十一、智慧供热物联网平台项目

Intelligent Heating IOT Platform

对城市供热系统及设备设施进行全面、动态化的管理，自动预测预警，建成高效、安全、绿色、低碳的智慧供热系统。

十二、分布式环境污染物监测物联网系统

Distributed Environmental Pollution Monitoring IOT System

建设基于GIS系统的污染物排放监测综合平台，布局各种大气、污水感知、监测设备，形成一个由点到面到云端智慧监测监控网络，对于大气污染物排放、污水排放、环境污染状态全面监测，重点监控，实现环境污染、环境风险等的实时可知、可预、可控。

R&D Innovation

拓新·道艺合一

自主创新，博采众长
Innovate Independently and Learn Widely

精诚团结，群策群力，上下一心，其力断金，以人为本
Cooperate with absolute sincerity and pool wisdom and efforts of everyone;
The combined forces of everyone pursuing for the same target will create great achievements! Each achievement is taking people oriented.

研发创新

R&D Innovation

研发与创新

生命上的起源，精神境界中的回溯，也是对一元复始的绝对跨度。
新，是摒弃传统窠臼的勇敢变革；
新，是打破习惯樊篱的昂扬姿态；
在进化的途中，总需新陈代谢。
对于一个企业，新，是于流年中接受洗礼，是于未来中朝觐初生。

在汉威
新，是我们行为上的破旧立新；
新，是我们产品中的舍旧谋新；
我们时刻不忘——温故而知新。
所有新知新制，只为让灵感之源万象更新。

It is the origin of life, the recall in spiritual shackles and also the absolute stride in the beginning of new age!
Innovation is the brave reform abandoning traditional protection;
Innovation is the high-spirited attitude breaking the habituated fence;
Metabolism is always required during evolution!
As for an enterprise, creating Innovation is to accept severe test in passing times and walking towards to newborn in the future!
In Hanwei:
Innovation refers to our destroy the old and establish the new in conduct;
Innovation is our abandon the old and search for the new in products;
We never forget our principle——to learn new by studying the old!
And all our new knowledge and new system are designed to bring fresh and new things to our Inspiration!

Powerful R&D Ability Independent intellectual property right and core technology

汉威电子崇尚创新和改进，建设了以汉威研究院为核心，涵盖北京、上海、深圳国内研发中心和美国、德国、新加坡海外研发中心在内的全球研发创新体系，围绕传感器、智能仪表、地理信息、云计算、大数据、移动互联等物联网技术，水、气、固废净化治理技术，节能技术等方面全面创新，并在智慧城市、安全防护、测量控制、环境保护、家居健康舒适领域开展应用模式创新，为客户提供安全、可靠、经济、便捷的产品和服务。

Hanwei advocates innovation and improvement, established Global R&D Innovation System based on Hanwei R&D Institute, covered national R&D center in Beijing, Shanghai, Shenzhen and international abroad R&D center in America, Germany, Singapore. Innovate fully around the sensor, intelligent instrument, geographic information, cloud computing, big data, mobile internet IOT technology, water, gas and solid waste purification treatment technology, energy-saving technology. Application mode for innovation in intelligent city, safety protection, environmental protection, measurement control, environmental protection and healthy living fields.To provide safe, reliable, low cost, convenient, products and service.

科研成果

至2015年1月，汉威电子现已申请国家专利238项，发明专利44项，注册计算机软件著作权45项，商标39项，产品通过科技成果鉴定35项，其中14项达到国际先进水平，21项达到国内领先水平。公司是全国工业过程测量和控制标准化技术委员会分析仪器分技术委员会（SAC/TC124/SC6）和全国工业过程测量和控制标准化技术委员会控制仪表及装置、工业控制计算机系统分技术委员会（SAC/TC124/SC2）的会员单位。公司还积极参与国家、行业和企业标准制订工作，先后参与制订燃气、消防国家标准6项，是全国防爆电气设备标准化技术委员会、全国信息技术标准化技术委员会传感器网络工作组成员。

Until January, 2015,Hanwei had applied 238 national patents and 44 invention patents; registered 45 software's copyrights, 39 brand names, 35 identifications of scientific and technological achievements, in which 14 had been recognized as international leading level and 21 national leading level. Hanwei is the membership company of National Standardization Administration of the People's Republic of China (SAC) Industrial Process Measurement and Control Committee Analyze Instrument Sub-committee (SAC/TC124/SC6) and National Standardization Administration of the People's Republic of China (SAC) Industrial Process Measurement and Control Committee Control Instrument and Industrial computer control system Sub-committee (SAC/TC124/SC2). Hanwei actively participated in the formulation of the national standard, industry standard, company standards, including 6 standards of gas industry; fire industry; Hanwei is the member of National Explosion Protected Electrical Product Standardization Committee and National Information Technological Standardization Committee Sensor Network Working group.

Exchange & Cooperation
交流合作

多年来，技术中心始终坚持团结协作、共同发展、诚信至上的合作理念，大力推进产学研合作开发力度，其模式已成功实现了由最初的短期、单一技术转让型向合作开发、人才培训、共建研发实体等多种合作模式并举的转型。“优势互补，互利互惠”的产学研合作机制促进了公司科学技术水平的快速提高，同时也推动了国内科研院所和高等院校科技成果的产业化进程，建立了全面互动的科技创新生态圈。

Over the years, Hanwei R&D center adheres the philosophy of teamwork, mutual development and integrity, promotes the cooperative development in product R&D. The initial short term, single technology transfer had been developed to cooperative development, personnel training and establishes mutual R&D entity. The "Mutual benefit and advantage" cooperative mechanism facilitated the scientific and technological level of the company, and promoted the industrialization of domestic institutes and colleges, established a fully interactive technological innovation ecosystem.ose, convenient, accurate, reliable products and solutions.

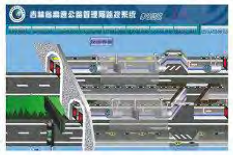
Total Quality Control
质量管理与控制



汉威电子自成立以来，一直遵循质量第一的原则，公司从上至下都坚持每个环节、每个工序严格要求，力争为客户提供优质、高效的产品及解决方案，确保产品和服务满足并超越客户的需求。

自2003年公司导入ISO9001质量管理体系，始终坚持八项原则，采用PDCA的改进方法，促使公司的管理水平及产品质量不断得到提升。

公司对产品精益求精，从硬件产品到软件产品，以及系统集成产品，从产品的研发、生产到施工、交付，始终坚持“以顾客及社会各方为关注焦点”。

2011年公司导入ISO14001环境管理体系、ISO18001职业健康安全管理体系，在提升产品质量的同时，关注社会环境，节约资源，确保员工健康安全。创造安全、环保、健康、智慧的工作和生活环境，真正实现为企业求长远，为社会求和谐，为民族求复兴。

Since its establishment, Hanwei followed the principle of quality first. Strict quality control policy had been implemented in every steps of the production and every levels of the management. Hanwei determines to provide products and solutions with high quality and efficiency, and to make sure the supply and the service are beyond the satisfaction of the customers.

Since passed the ISO90001 in 2003, Hanwei always implement the 8 principles, adopt PDCA method to improve the management level and product quality.

Hanwei refines on production which including instrument, software, integrated systems; adheres customer oriented policy from R&D, manufacturing, engineering and delivery.

Hanwei introduced ISO14001 Environment Management System, ISO 18001 Occupation Health Safety Management System. Besides the quality improvement, Hanwei dedicated to improve the environment, save the resources, and ensure the health and safety of the staffs, promise a safe, environmental friendly, healthy and intelligent working and living environment, and achieve the sustainable development of the company, harmony of the society and the revival of the nation.

质量方针：优质、诚信、创新、高效

优质---为客户提供优质产品和优质服务

诚信---以诚待人，以信服人

创新---以顾客为关注焦点，采用新技术，创造新产品

高效---目标一致，雷厉风行

环境、职业健康安全管理方针：安全、环保、健康

安全---在生产、经营过程中不断应用和创新先进安全技术，减少和避免伤害，以人为本，彰显生命价值。

环保---保护环境，节约资源，在发展中树立良好的社会形象。

健康---确保职工健康安全，建立科学合理的管理制度，不断地进行持续改进。

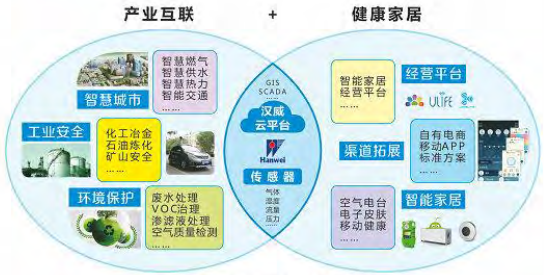
发展与构想



产品 + 运维 + 服务 → 经营平台

展望未来，机遇与挑战并存，任重而道远。汉威电子将以“创造安全、环保、健康、智慧的工作和生活环境”为使命，为客户求价值、为员工求富足、为企业求长远、为社会求和谐，以“尽责、创新、快乐”的企业文化为统领，有机结合技术、市场、人才，以持续的市场开拓为引导、技术创新为支撑、资本运作和队伍建设为保障，把握新兴战略性产业革命历史机遇，围绕物联网产业，将感知传感器、智能终端、通讯技术、云计算和地理信息等物联网技术紧密结合，建立完整的物联网生态圈，以客户价值为导向，为智慧市政、安全生产、环境保护、民生健康提供完善的解决方案，打造“民族的汉威、世界的汉威”。

Looking forward to the future opportunities and challenges, there still have much to be done. Hanwei will always work for the mission to promise a Safe, Environmental friendly, Healthy and Intelligent working and living environment; to keep the company culture of “responsible, innovative and cheerful”; to integrate technology, market and human resources; to keep market development, technology innovation, capital operation and team development; to take the new strategic industrial opportunity; to integrate sensor, intelligent instrument, tele-communication, cloud calculation and GIS technology in the IOT industry; to establish complete ecological IOT ecosystem; to provide customer value guided solutions for intelligent city, safe production, environmental protection and health of the people's livelihood. We will become the National Hanwei and International Hanwei.

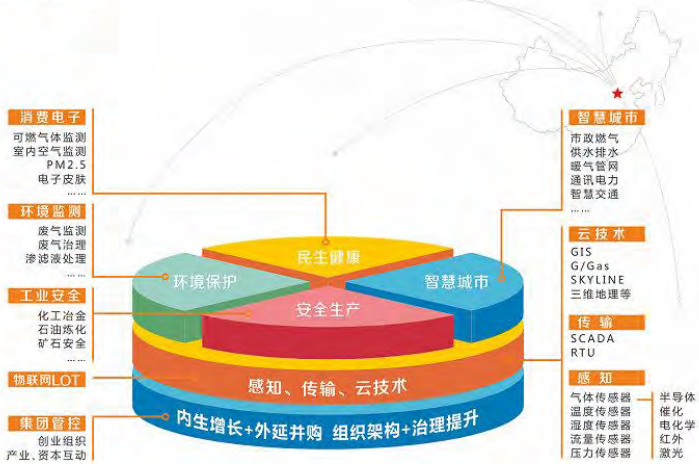
Strategic Planning
战略构想



万物互联的时代已经到来，汉威电子作为国内物联网领先企业之一，将紧抓新兴战略性产业革命历史机遇，建设“汉威国际传感器科技园”，“汉威物联科技产业园”，以“传感器、智能仪器仪表、行业应用的物联网”为技术平台、沿智慧城市、安全生产、环境保护、民生健康四大方向构建产业集团，实现汉威新的跨越。

The IOT era comes, Hanwei, as one of the leading IOT company in this field in China, will take good use of current great opportunities to build "Hanwei International Sensor Science Park" and "Hanwei IOT Science Park", to build industrial groups in sensor, intelligent instrument, industrial IOT, intelligent city, safe production, environmental protection and health of the people's livelihood four directions for our new great-leap-forward development.

产业与资本互动，创新伴梦想同行！

International Hanwei
国际化的汉威

十余年来，汉威为全球近百个国家和地区提供产品与服务，遍布六大洲的营销服务网点和国际化布局的研发体系，将支撑汉威汇聚全球资源，以“中国动力”牵引，全面拓展全球业务。

For more than a decade, Hanwei provide products and sevice to nearly a hundred of countries and regions in global. Hanwei converged the global resource, take that Chinese Power as traction, fully develop the global business, supported by sales and service centers which has spread six continents and international layout of R&D system.

Core Values

经世·持道之性

经世基业，厚德载物

To manage the business should carry the social commitment

王者商道，大道之行，讲信修睦，商海徜徉，博采众长。

核心价值观

Company culture
企业文化

我们致力于营造一个亲和润泽、有情感的大家庭，关注人性，以创业者为本，以价值创造为本，让每一个汉威人互相学习、互相欣赏、彼此信任、团结协作、共同发展、事业有所成就、物质生活持续改善。

Hanwei people to learn from each other, admire each other and trust each other; we ask every Hanwei people to work in a team, to develop in a team and to achieve in a team for a continuous living standard improvement.

汉威愿景：

以传感器为核心，领先的物联网解决方案提供商

汉威使命：

创造安全、环保、健康、智慧的工作、生活环境；

为客户求价值，为员工求富足，为股东求回报，

为企业求长远，为社会求和谐，为民族求复兴。

核心价值观：尽责、创新、快乐。

Hanwei Vision:

Based on sensor technology, to be the leading IOT company

Hanwei Mission:

Promise a Safe, Environmental friendly, Healthy and intelligent working and living environment;

Provide value for customers, offer wealth for staffs, gain profits for shareholders, strive future for company, seek harmony for society and dedicate to our national revival.
